

The Crown Window System Limited.

70mm LINIAR FULLY FEATURED SUITE.

AVAILABLE IN **LEAD FREE** WHITE UPVC, WHITE WOODGRAIN, CREAM UPVC, CREAM WOODGRAIN, WOODGRAIN, ROSEWOOD, DARK RED, BURGUNDY, LIGHT OAK, IRISH OAK, CEDERWOOD, CHARTWELL GREEN, DARK GREEN, BLUE, DARK GREY, LIGHT GREY FINISHES AND WOODGRAIN ON WHITE FINISHES ARE ALSO AVAILABLE.

FULLY FEATURED SCOTIA FRAME 70mm *profiles* reinforced as required in accordance with the Profile Manufacturer's Specification, the PVCu Profile is totally Colourfast and will not warp through the effects of time.

GLAZING

The frame allows the use of 28mm sealed units which incorporate a cavity of 20mm well over Planitherms recommended 16mm for maximum insulation. All windows are glazed in accordance with both BS6206A and BS5713 for safety glazing where required. We only use Planitherm Total + Glass glass as required we would not use anything else. All Frames are Glazed from Inside as Standard. Spacer Bars available in Silver, white, gold, Bronze and now available with **Black or White Edge Tech Foam Super Spacer Bar for better Thermal Insulation, Noise Reduction and Argon Gas filled Sealed Units.**

VENTILATION

All Top and Side Hinged Openings are fitted with high quality Stainless Steel Friction Stay Hinges which will not corrode in time, We also fit Additional Security Extra Plate Hinge Protection to the Hinged Side of every Opening Casement in order to further protect your Home from the possibility of Forced Entry.

TRICKLE VENTS.

If Trickle Vents are fitted into your existing windows then Trickle Vents must be fitted into your Replacement Windows for your New Windows to Comply with Current Building Regulations.

SECURITY

The main Locking System for all Window openings is the **Yale High Security Shoot Bolt**, this allows the vent to be opened slightly in a night vent position with all locking points still fully engaged. The quality and precision of the **Yale Lock** will ensure trouble free usage for many years to come and to include internal key locking handles available in white, Chrome and Gold Finishes.

FRENCH DOORS

All French Doors come standard with Two key Locking Handles with Sweated Locks, Shoot bolt Locking to the Slave Door with Bolts which Locate at the Top and Bottom of the Outer Frame, Master Door is Fitted with a Shoot Bolt Locking Bolt which also Locate through the top and Bottom of the Outer Frame with Centre Latch, 3 Claws and Four Cams for Added Security. Security Flag Hinges are fitted to all Doors, Hinge Plates are Secured from Inside on all Outward Opening Doors. We also use assorted Thresholds to the Base of all Doors to Reduce the Step

Over Height for your Safety to Reduce the Trip Hazard where Possible. Outward Opening Doors are Fitted with Door Restrictors and Cabin Hooks if Required.

INLINE SLIDING PATIO DOORS

**All Patio Doors are Manufactured in Diamond Suite Fully Featured Frame to match our Window System, Internally Glazed with 28mm Sealed Units with Planitherm Total Plus Toughened Glass to Current Building Regulations, Anti Lift Fitted to Outer frame, 6 point Locking System Incorporating Hook locks with Anti Lift Pin and key Locking Door Handle.
